The Library Services Web Site Has a New Look

Returning visitors to the Library Services Web site, <http://lib.mnsu.edu>, will notice that the site has a new look. With the implementation of the new campus web template, the Library rearranged the location of its most popular online resources to make them easier to find and use. To enable predictable navigation, the left menu bar remains consistent throughout the site. Tabs for both the Course Reserves and the Journals List pages have been added above the search box. The Library Catalog search tab now features a new finding aid with faceted searching to give the catalog a Web 2.0 look. If you have questions about the web site contact Peg Lawrence, Systems Librarian at peg.lawrence@mnsu.edu or 507-389-5058.

Update on Journal and Databases Subscription Changes

Library print and electronic subscriptions to journals and databases were analyzed during spring semester to meet the campus-wide budget reduction goal for FY10. As a result of this review, the format selected for some resources changed from print to electronic. Other titles had to be cancelled. These changes will take place during the semester as the various subscription periods end. Later this fall we will share a list of all changes with the campus community.

To determine if Memorial Library provides access to

a particular journal title, use the online Journal List, which can be found at:

<http://lib.mnsu.edu/research/journals/intro.html>.

An alphabetical list of our electronic databases is available at:

http://eresources.lib.mnsu.edu/page.phtml?page_id=21.

If you have questions about using these resources, stop by the Information Desk on the first floor of the Library, call 507-389-5958, or "Ask a Librarian" at <http://lib.mnsu.edu/services/patronquestfrm.html>.

Library Barcodes and the New MavCARD

When you apply for your new MavCARD, you have the option to retain your current library barcode. The barcode on the back of your MavCARD is used to check out library materials, as well as to request Interlibrary Loan items. To keep your current library barcode, you must turn in your "old" MavCARD when you go to get your new MavCARD at the Hub. If you do not turn in your old MavCARD, you will be assigned a new barcode when your new MavCARD is issued.

For more information go to <http://www.mnsu.edu/mavcard/recard/facultystaff/index.html>.

Getting Books, Articles, and Other Materials from Other Libraries

Although thousands of books, journals, and other materials are available through the Memorial Library, sometimes you or your students may need additional or specialized resources from other libraries. That is when you can turn to Interlibrary Loan (ILL). You may request books, DVDs and other media resources, government publications, conference papers, and articles through the ILL service. Theses and dissertations can also be requested if they are not available in the ProQuest Dissertations Online resource.

All materials obtained through ILL are provided to you at no charge. Memorial Library absorbs the cost when other libraries charge a lending fee or when an article requires payment for copyright permissions. For more information contact the ILL Office at msuill@mnsu.edu or by phone at 507-389-1473 or 507-389-5959.

Library Instruction Sessions for Your Courses

As you begin planning your class assignments and research projects, remember that library instruction sessions are available for your undergraduate or graduate courses. Librarians will work with you to develop a session tailored to your students' needs for articles, books, evaluation tips, and/or research strategies. Contact us at least a week in advance to

prepare for a session. We encourage submitting requests as early as possible to make sure that classroom space and librarians will be available. To learn more about library instruction or to complete an online request form, visit the Library's *Services for Minnesota State Mankato Faculty* web page at <http://lib.mnsu.edu/services/faculty>.
